

## BASIC REQUIREMENTS

Math prerequisite: math preparation equivalent to Math 1a

Social Analysis 10

Stat 100, Stat 104, or Stat 110; or Applied Math 101 (formerly Engineering Sciences 101); or Math 154 (formerly 191)

Ec 1010a or 1011a

Ec 1010b or 1011b

Ec 970 (Sophomore Tutorial)

Ec 1123 or 1126

(except for math, none of the above may be taken pass/fail)

3 additional half that include:

- 1 course with writing requirement
- 1 course with intermediate theory as prerequisite

## ADDITIONAL REQUIREMENTS FOR HONORS ELIGIBILITY

### A. Thesis Track (eligible for summa, magna, or cum degree in Economics)

Ec 985 (Senior Thesis Seminar)

Successful completion of senior thesis

Honors general examination covering micro, macro, and econometrics

### B. Advanced Course Track (eligible for cum degree in Economics)

2 additional half courses that include:

- 1 course with writing requirement
- 1 course with intermediate theory as prerequisite

Honors general examination covering micro, macro, and econometrics

**Notes:** One course may satisfy both a writing and a theory prerequisite requirement; however, you still must take the overall number of economics courses required for your degree track. Although you can take up to two courses pass/fail, you must get the permission of your professor to take this option when fulfilling the writing requirement.
